

HDC-P50AでのHD/23.98P出力について

・ 23.98P出力の際は、システムフォーマットを4K/23.98Pに設定し、SDI-3の出力を以下のようにHD/23.98Pに設定してください。

|       | SYSTEM FORMAT       |           |        | SDI OUT         |                 |                 |                 |                            |                            |                    |                    | 必要オプション         |                          |                          |                    |
